

STEP BY STEP INSTRUCTIONS

# Order preconfigured Beacons

From an order quantity of 20 pieces, we offer an individual pre-configuration free of charge for all blukii Smart Beacons (except: Smart Beacon Outdoor Extreme). In order to make the ordering process as quick and easy as possible, we recommend following the steps below.

## 1 Specification of the beacon settings

The document *Beacon Settings Form (xlsx)* can be found at <https://www.blukii.com/en/resources/smart-beacon>. Download it and fill it out according to your requirements.

A	B	C	D
1 Beacon-Settings			
3 Customer:		Quantity:	Product:
6 For customized products limited warranty claims apply: <a href="https://www.blukii.com/company/agb.htm">https://www.blukii.com/company/agb.htm</a>

21 11 Eddystone TLM	Off		
23 iBeacon Settings			
24 13 UUID:	626C756B69692E636F6D626561636F6E		
25 14 Major:			
26 15 Minor:	start defined by blukii		
Additional_Information			

Illustration 1 – Excerpt from Beacon Settings Form

Basically, the fields *Customer*, *Quantity* and *Product* (all in line 4) must be filled out. Column C shows the respective blukii default settings. In the event that you would like a different setting for a certain parameter, please click on the corresponding input field (column D) and select the desired setting from the dropdown menu. All unprocessed fields are delivered with the blukii default settings. Additional information on the respective parameter can be found under the *Additional\_Information* tab. Our support team will be happy to help you configure your beacons <https://www.blukii.com/en/contact>.

**Note:** Even if you only want to order your beacons with the blukii default settings, we need the *Beacon Settings Form* to process your order. In this case, however, it is sufficient if you fill in the marked fields *Customer*, *Quantity* and *Product* (all in line 4).

## 2 Quotationrequest

Send your request for quotation, specifying the product and quantity, to [support@blukii.com](mailto:support@blukii.com). If you want individual settings, please include the completed *Beacon Settings Form* with your request. This way we can react early to any queries.

### 3 Order

Send your order and the completed *Beacon Settings Form* together to [support@blukii.com](mailto:support@blukii.com). You will receive your order confirmation and delivery date promptly. If, for organizational reasons, it is not possible to send us the order and the completed *Beacon Settings Form* in one email, please also note the order number on the *Beacon Settings Form* so that a clear assignment of the order and settings can be guaranteed.

**Important: Without a correctly completed *Beacon Settings Form*, we cannot start processing your order and the delivery time may be delayed.**

### 4 Subsequent orders

We recommend that you archive your *Beacon Settings Form* documents accordingly. You can then use them for subsequent orders and speed up the ordering process.
